

Overton CE Primary School

Pupil Premium Strategy Statement 2023 - 2025

This statement details Overton CE Primary School use of pupil premium funding to help improve the attainment of our disadvantaged pupils. It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Overton CE Primary
Number of pupils in school	373
Proportion (%) of pupil premium eligible pupils	17.96% (67)
Academic year/years that our current pupil premium strategy plan covers	2023-2024
Date this statement was published	September 2023
Date on which it will be reviewed	February 2024, July 2024

Statement authorised by	Fiona Wyeth
Pupil premium leads	Warren Glew and Jane McDevitt
Governor lead	Beth Gough and Richard Stedham

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£93,900
Recovery premium funding allocation this academic year (67 x £145)	£9715
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£103, 615

Part A: Pupil premium strategy plan

Statement of intent

At Overton CE Primary School we use Pupil Premium funding to ensure that our disadvantaged and vulnerable pupils receive the highest quality of education to enable them to become active, socially responsible citizens of the future. We recognise that disadvantaged children can face a wide range of barriers which may impact on their learning.

We aim to:

- Remove barriers to learning created by known circumstances, which may include academic needs, family or background.
- Narrow the attainment gaps between disadvantaged pupils and their non-disadvantaged counterparts both within school and nationally.
- Ensure ALL pupils are able to read fluently and with good understanding to enable them to access the breadth of the curriculum.
- Support families who may be vulnerable for a variety of reasons, in order to help the children.
- Enable pupils to look after their social and emotional wellbeing and to develop resilience.
- Ensure all children attend school, and are on time.

Achieving our objectives

In order to achieve our objectives and overcome identified barriers to learning we will:

- Provide dedicated pupil premium champions to ensure excellent opportunities, progress and monitoring. Our champions will also ensure effective communication amongst all staff.
- Provide targeted intervention and support to quickly address identified gaps in learning including the use of small group work and 1:1 tuition
- Provide opportunities for all pupils to participate in enrichment activities including sport and music and access to trips and residential trips.
- Provide appropriate pastoral support to enable pupils to access learning within and beyond the classroom.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<i>In reading, writing and maths, there is a higher proportion of disadvantaged children who are not on track compared to their non-disadvantaged peers.</i>
2	<i>In reading, writing and maths, there is a lower proportion of disadvantaged children achieving GDS compared to their non-disadvantage peers.</i>
3	<i>Some of our disadvantaged pupils need access to emotional support to improve wellbeing and life chances.</i>
4	<i>Some of our disadvantaged parents and carers need access to emotional and practical support.</i>
5	<i>Some of our disadvantaged pupils have lower attendance rates. (91.64% vs 93.61% with a gap of 1.97%)</i>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
We want our disadvantaged children to show improved attainment in reading, writing and maths to support future opportunities.	Each child will show accelerated progress in their area of need. This means a marked increase in their test scores, and also in their writing.
We want our disadvantaged children to feel confident in sharing their feelings, having strategies to manage their internal world, and to believe they can do anything.	Children who struggle have access to high-quality, trained pastoral workers. It is evident that pastoral intervention has made a positive impact on their area of need (social, emotional, and/or academic).
We want our parents to be able to access a variety of support (emotional and practical), and feel confident that they have the tools to give their best to their children.	Parents are aware that the school will actively provide support. We can demonstrate through case studies the positive support given, and the impact this has had on family life and the improved life chances of the children.
We want our disadvantaged children to make the most of their education by being present at school each day.	There is a clear improvement for disadvantaged children's attendance. The attendance % gap reduces, and individuals with challenging attendance shows a marked improvement.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching

Budgeted cost: £4150

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Senior leaders, including Assistant Head Teacher, Phase Leaders and our ECT Lead, help to develop and sustain high quality teaching through effective CPD. We ensure that teachers have a focus on the PP children who are struggling in R/W/M, and those who need to accelerate their progress.</p> <p>Improve use of over-learning/retrieval practice opportunities, including Fluent in Five (maths), TT Rockstars and more.</p> <p>INSET October/June Teaching & Learning Let's Think in English (£2500)</p> <p>LSA CPD October 2023 (£1650 LSA CPD)</p>	<p>High quality teaching improves outcomes for children and <u>effective professional development</u> offers a crucial tool to develop teaching quality in all reading activities.</p> <p>Senior Learners will also focus on helping teachers to teach children to be <u>mastery learners</u>, and identify the gaps in skills/knowledge that hinder mastery.</p> <p>Use of over-learning and retrieval practice strategies help to place learning into long-term memory. This is a principle of <u>Rosenshine</u> and generally supported through <u>EEF Research</u>.</p>	<p>1 and 2</p>

Targeted academic support

Budgeted cost: £70, 389

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Inclusion Manager to collate clear and focussed assessment data to measure progress; to provide evidenced-based interventions to Pupil (25% of IM costs)</p>	<p>Effective <u>gathering and interpreting of data</u> is critical to ensuring the correct priorities are targeted for SEND & PP children. It strengthens and challenges our beliefs and reduces the likelihood of bias in our interpretation of the barriers to learning faced by each child.</p>	<p>1 and 2</p>
<p>Premium children with SEND across the school; to assist in training and supporting LSAs in providing evidenced-based interventions within their class and year group.</p> <p>Deploy additional teachers for autumn term to support groups and 1:1</p>	<p>Using evidenced-based interventions provides confidence in the programs provided to support children effectively to make accelerated progress. <u>Learning Support Assistants</u> make a positive impact on learner outcomes when provided with high quality training to deliver structured evidenced-based interventions.</p>	
<p>Ensure our English Leads/Phase Leaders act as Reading Champions to ensure our lowest 20% of readers are provided with targeted and evidenced-based support through intervention groups, 1:1 and Quality First Teaching; to champion reading across the school to embed the love of reading and the use of evidenced-based strategies in class, small groups and 1:1; ensuring all teachers have a high level of subject knowledge in the teaching of reading to be able to support children in class.</p>	<p>Having someone championing our reading curriculum and support for those in the lowest 20% of readers across the school provides a strong commitment to ensuring every child leaves our school as an effective reader. <u>Reading comprehension strategies</u> used alongside carefully combined activities such as phonics and attention to text features gives lower attaining children effective and explicit strategies to enable children to comprehend what they are reading.</p> <p>High quality teaching improves the reading outcomes for children and <u>effective professional development</u> offers a crucial tool to develop teaching quality in all reading activities. Providing training for all staff in KS1 and KS2 and implementing <u>improvements to our literacy</u>, particularly with phonics, the fluency of reading and explicit modelling of reading out loud in class will increase the exposure children have to high quality texts and provide explicit support on how to read and the purpose of reading.</p>	<p>1 and 2</p>

<p>Our LT to act as Pupil Premium Champions to really help identify barriers to learning, which may be academic, but also may be practical, emotional, or opportunity-based. Barriers to learning are identified and addressed quickly. This may include use of year group interventions to target specific catch up programmes. (20% LSA time/costs)</p>	<p>Identification of Learning Barriers through <u>diagnostic assessments</u>, and then devising a plan to address those barriers, is key. Through identifying specific barriers to learning, class teachers, support staff and pupil premium champions can work individually on narrowing gaps in learning. Pupils see themselves as successful learners.</p> <p>PP Profiles maintained by the PP Champions help to track progress and collate the picture and progress of the child.</p> <p><u>Engaging parents</u> through good communication of progress against learning barriers promotes home-school partnership.</p>	<p>1 and 2</p>
---	---	----------------

Wider strategies

Budgeted cost: £70,389

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Provide pastoral support and social support sessions for vulnerable children. Vulnerable children are given support for managing their worries, their emotional wellbeing and mental health. They are better equipped to engage in social activities too.</p> <p>The Phase Leaders receives regular, up-to-date training.</p> <p>Class teachers to build strong and positive relationships with vulnerable children in their class and to use THRIVE to support</p> <p>Deploy ELSA and train LSA to support Nurture groups as needed</p> <p>Relax kids programme for Year 6 September 2023 (20% of LSA time/costs, 25% IM time)</p>	<p><u>From Government Review</u></p> <ul style="list-style-type: none"> ● Pupils with better health and wellbeing are likely to achieve better academically. ● Effective social and emotional competencies are associated with greater health and wellbeing, and better achievement. ● The culture, ethos and environment of a school influences the health and wellbeing of pupils and their readiness to learn. 	<p>3, 4</p>
<p>Monitor attendance/ punctuality and support parents in understanding the importance of being at school. Monitor absence and meet with parents to support</p>	<p>Attendance at school is vital to narrowing learning gaps and improving life chances.</p>	<p>1, 2, 3, 4, 5</p>

<p>Inclusion Manager to oversee work with outside agencies and maintaining good relationships and communication between school and family. Outside agencies may include counselling, Foodbank etc.</p>	<p>From Government Review <i>Parental involvement in the form of ‘at-home good parenting’ has a significant positive effect on children’s achievement and adjustment even after all other factors shaping attainment have been taken out of the equation. In the primary age range the impact caused by different levels of parental involvement is much bigger than differences associated with variations in the quality of schools. The scale of the impact is evident across all social classes and all ethnic groups. (Desforges 2003).</i></p>	<p>4</p>
<p>Provide a subsidy for PP children as needed towards trips, uniform, PE kit, music lessons etc</p>	<p>All children are included in trips and visits and have the correct kit to take part in school activities. They have opportunities to learn instruments and other activities.</p>	<p>3</p>

Total budgeted cost: £144,928
